Cybersecurity Enthusiast | Web App Security

PROFILE

Cybersecurity-focused B.Tech Computer Science student with a strong interest in Web Application Security, Bug Bounty Hunting, and Vulnerability Assessment & Penetration Testing. Passionate about identifying security vulnerabilities and understanding real-world attack techniques through continuous hands-on practice and security research.

TECHNICAL SKILLS

Programming: Python, C
Security Tools: Burp Suite, Nmap, Metasploit, SQLMap, Wireshark, Hydra, Nessus, Wazuh, John the Ripper
Networking & Security Concepts: Networking Fundamentals, Web Application Security, Vulnerability Assessment, Penetration Testing

PROJECT

Phishing Website Detection System

- Developed a web-based system to detect phishing websites using URL analysis techniques.
- Implemented detection logic to identify suspicious URL patterns, abnormal domain structures, and redirection behavior.
- Designed security checks to differentiate between legitimate and phishing websites and improve user awareness of malicious sites.

EDUCATION

Bachelor of Technology – Computer Science Engineering
Synergy Institute of Engineering and Technology, Dhenkanal, Odisha
CGPA: 8.27 (Pursuing)
Higher Secondary Education
Bhargabi Science Residential College, Dhenkanal, Odisha
Percentage: 84.83% (2022)
Secondary Education
Vivekananda Vidya Mandir, Talcher, Odisha
Percentage: 64.5% (2020)

WORK EXPERIENCE

Cybersecurity Intern

CyberDojo (June 2025 – August 2025)

- Assisted in securing network infrastructure through firewall configuration and access control.
- Implemented Zero Trust VPN access using identity-based segmentation.
- Deployed honeypots to monitor unauthorized access attempts and suspicious activity.
- Supported threat detection and basic security monitoring operations.

Brand Manager

YHills Edutech Pvt. Ltd. (July 2024 – September 2024)

- Promoted cybersecurity and technical training programs across college networks.
- Managed campus outreach activities and student engagement initiatives.
- Supported marketing campaigns that helped achieve monthly enrollment targets.

ACHIEVEMENTS

3rd Place Winner – BPUT Hackathon (November 2025)

Project: AI Resume Builder for Blue-Collar Professionals

- Built an AI-powered resume generation platform tailored for blue-collar workers.
- Focused on simplifying resume creation with minimal inputs and skill-based profiling.
- Collaborated in a team environment under time-bound conditions.

Hands-on Cybersecurity Practice – TryHackMe

- Completed 90+ hands-on labs covering networking, Linux, and web security concepts on TryHackMe.
- Ranked in the Top 7% globally and earned 12 skill badges through practical learning.
- Consistently practicing cybersecurity labs and solving PortSwigger Web Security Academy labs to improve web vulnerability testing skills.

CERTIFICATIONS

- Cybersecurity Job Simulation – Deloitte (Forage)
- AI Certificate – YHills Edutech Pvt. Ltd.
